HAVE PERMANENT ORGANIZATION

Emancipation Day Celebrations Hereafter Will Be Planned for a Long Time Ahead.

A permanent organization was effected by the colored people of this city Thursday night at a meeting held at the African M. E. church, for the purpose of celebrating emancipation day each year in a proper manner. It was thought best to organize and appoint committees at this time, so that each would fully understand its duty and make provision ahead of time for this great annual event among the colored people, instead of waiting until about thirty days before the celebration day, as is usual, and not be able to secure the speakers or features of entertainment that are desired to make the day what it should be.

At Tuesday night's meeting Alfred Allen was chosen president; C. C. Baker, vice president; Earl Martin, secretary; Prof. E. O. Boone, assistant secretary; Charles L. Martin, treasurer.

The committees chosen were: Arrangements—George Ousley, Franklin Welch, Robert Harden, John Goode.

Finance—C. C. Baker and Henry Wilson.

Flag bearer—Stephen Martin.

Chaplain—John Gooden.

Officer of the day—George Ousley.

Meetings will be held from time to time to consider questions pertaining to the celebration of the day and to familiarize the people with the history of emancipation day.

MRS. HANCOCK TO KANSAS CITY.

No Word Has Been Received From Missing Husband—Faces World Without a Dollar.

Mrs. H. R. Hancock and daughter, Miss Mildred, went to Kansas City Friday morning, where they will make their home, at least for the present. They were accompanied by Mrs. Hancock's nephew and his wife, Mr. and Mrs. George Bean of Los Angeles, Cal., who stopped in Maryville Thursday on their way home from Boston, where Mr. Bean was called recently by the death of his mother.

Mr. and Mrs. Bean will remain in Kansas City and assist Mrs. Hancock in getting a position as a saleswoman. Mr. Bean will place Miss Mildred in a business school for training for a business position. They will continue living there, unless Mrs. Hancock finds she is unable to hold up under the strain of business life. In that case they will go to her sister in Philadelphia.

Mrs. Hancock has had no word from Mr. Hancock and the suspense is telling on her severely. She leaves Maryville with the sympathy and best wishes of many friends.

Stole Her Chickens.

The chicken thieves have again been busy and this time Mrs. B. K. Ferguson was the victim. They entered her poultry house one night recently and stole 200, and would probably have taken the other fifty if they could have carried them. It is a burning shame that the pilferers cannot be caught in the act and made to suffer for their crimes. Several farmers have lost chickens this summer but no clues have been found whereby the thieves might be apprehended. After the good housewife has worked industriously all spring and summer to raise a big pen of fowls it is very discouraging to have them stolen by some sneaking two-legged cur.—Burlington Junction Post.

Guests From Florida.

Mr. and Mrs. L. A. Stillwagon of St. Petersburg, Fla., have arrived for a visit with their daughter, Mrs. George Robert Eaton, 221 South Buchanan street. Mr. and Mrs. Stillwagon have spent the summer in Colorado. Mr. Stillwagon being president of a company operating some 2,000 acres of oil and coal land, and are now returning to Florida. Mr. Stillwagon is a grower of oranges and grape fruit in the sunny south.

Declared for Convention.

The State Bar association, in session at Kansas City, adopted a resolution Thursday night declaring for a constitutional convention and for a complete revision of the state constitution, for a better means of building up the cities, for more sanitary and better governed towns and villages, and for a better and broader educational system. Dean Loeb of the state university made an address in which he vigorously supported the convention idea.

To Meet Ohio Friends.

Mr. and Mrs. T. J. Hurley went to St. Joseph Friday morning to spend the day with old friends of Mrs. Hurley from Cleveland, O., who are on their way to the Pacific coast for the winter.

EIGHTY-ONE MORE TICKETS.

Same Number of People Went to St. Joseph Friday Morning as on Thursday Morning.

Maryville sent another good delegation to the St. Joseph fair Friday morning, Agent Goforth selling eighty-one tickets, the same as on Thursday morning. Those who were at the station Thursday morning and heard the darky minstrels during the wait for the train, missed them Friday. Mr. Goforth couldn't stamp the tickets near so fast this morning as he stamped them to the time of the music Thursday morning. He is in favor of the railroad company putting on an attraction of some sort like that, as it would facilitate his work and make people better natured, and quiet the nervous ones who ask useless questions or who want to argue the railway rate in Missouri.

Among the number who went Thursday morning were Mr. and Mrs. C. J. Eckert, M. D. Kemp and daughter, Mr. and Mrs. Raymond Shroyer, Mr. and Mrs. Bernard Dougan, Mr. and Mrs. Albert Mercer, Miss Nettie Miller, Dan O'Connell, H. F. Leet, Miss Elizabeth Leet, Miss Lillian Carpenter, LeGrand Gann, Brint Embree, Miss Ethel Embree, Miss Loretta Gorman, Mrs. Ella McMahon, Mr. and Mrs. Albert Carr, Miss Ailene Carr of Maryville; Mr. and Mrs. O. R. Proctor and sons of Clyde, Mr. and Mrs. I. F. Broderick and Mrs. W. E. Petty and son of Stanberry; Mr. and Mrs. Frank Dinsmore of Parnell, Mr. and Mrs. Frank Partridge of Maryville, Miss Etta Evans and Mr. and Mrs. C. L. Evans of Bedison.

Twenty-five tickets were sold Thursday evening.

Attending Court.

Among the Hopkins people in attendance at circuit court Friday were Rev. Taylor, E. C. Wolfers, Jim Hanna, William Byington, J. W. New, Sam Robbins and Ed Bonar.

Mr. and Mrs. M. I. Wood left Friday morning for Kansas City, where they will visit the latter's sisters, Mrs. Mollie Clifton and Mrs. Mary Lloyd.

TALK OF BALKANS

DR. CHAS. DYER AND JAMES DYER WERE ENTERTAINING.

TURKEY AGAINST PEACE

Dr. Dyer Said That Turkey Must Be Wiped Off the Map to Restore Safety in the Balkans.

The entertainment given at the Christian church last night by Dr. Charles Dyer and James Dyer was one of the most enjoyable of its kind ever given in Maryville.

Dr. Dyer gave a synopsis of the Balkan question which, of course, is of vital interest to his native land, Armenia. "Turkey," said Dr. Dyer, "must be wiped off the map before there will be safety or peace for the Balkan states. Turkey has always been the enemy of education, the Christian religion and liberty."

According to Dr. Dyer the Turkish officials have been cognizant of every massacre perpetrated in the last 200 years, and most of the slaughters were ordered by them. The Armenian massacres are usually committed by an army of 60,000 Turks, which is divided into three divisions of 20,000 each. The duty of the first division, when a massacre is ordered, is to kill all the citizens possible, the second division following close behind, are to plunder, while the third section of the army are to burn what is left by the preceding host of destroyers.

"The Christian nations of Europe," said the speaker, "are not guiltless of the blood of these Christian martyrs, when they allow such outrages to be committed on their very borders. I would that Turkey had been within 500 miles of the shores of America, for Uncle Sam would have put an end to such things by having a very fine 'Turkey' dinner on Thanksgiving."

James Dyer was introduced by his brother and gave a very interesting talk on his native land, Armenia. The climate is very similar to that of Missouri, having four seasons, but their summer is entirely without rain, so that all agricultural pursuits are carried on by the aid of irrigation. Their yields, however, vary somewhat from the productions of Missouri. "Here are a few representative yields of our country," said the speaker. "Corn makes about 90 bushels to the acre, wheat, about 70 bushels to the acre, while the watermelons frequently weigh over 100 pounds. A good Jersey cow can be bought for \$150, while a fine Arabian horse will cost you \$5. The reason that the Armenians do not become wealthy in a few days is that corn sells for 10 cents per bushel, the wheat about 13 cents, and potatoes 3 cents. A man's wages ranges from 6 to 10 cents per day. Such conditions exist because of the lack of advantages. There are no railroads, pavements, telephones, electric lights and many other conveniences which are common in America."

Some interesting facts were given in regard to Turkey. The sultan gets the highest salary of any government official in the world, receiving \$5,000,000 yearly. He maintains a standing army of 950,000 men, and last but not least, he possesses 750 wives.

In Turkey the families are very large, and the sons and daughters, when they marry, still live with their parents, so that it is an ordinary thing for sixty or seventy people to live in one house. The boys and girls do not mingle at all, and they are not notified by their parents that they are to be married until within ten days of the time. The marriage contract is merely a receipt for the money which the groom pays the father of his wife, which is never more than \$10. The husband divorces the wife by paying her the price stated in the marriage contract, and telling her that she is divorced.

The brothers sang several songs in different languages, beginning with "America" in the Armenian tongue. Both the layman's and priest's part of the Mohammedan's prayer were given, which, needless to say, differed materially from the American idea of worship.

The concluding part of the program consisted of various European marriage ceremonies in foreign costume. Four young men and four young ladies were requested to come from the audience and wear the costumes. This was finally done, after some persuasion on the part of Rev. C. J. Miller, who had to make a canvass through the audience in order to get the brides and grooms for the marriage ceremonies. Just who the young folks were is a secret, but it is said that they made

very handsome bridal couples.

Dr. Dyer, in conclusion, said that the idea in presenting the heathen forms of worship and other ceremonies was to impress the American people with the fact that they were blessed with the highest type of civilization in the world, and to show them how much they should value their Christian religion.

AT PRESS ASSOCIATION.

Editor James Todd of The Democrat-Forum Presiding at Meeting of Newspaper Men.

The editors of Northwest Missouri are guests of the St. Joseph fair Friday and Saturday, on the occasion of the annual meeting of the Northwest Missouri Press Association.

President James Todd of Maryville called the association to order Friday morning at 11 o'clock at the Robidoux hotel, where Mayor Pfeiffer and Editor C. D. Morris of the St. Joseph Gazette delivered the welcome addresses. There was a luncheon at 12 o'clock. Receptions followed at the Gazette and News-Press offices. The handsome new home of the News-Press was the object of much admiration.

The association left at 2:30 o'clock on special interurban cars for Dearborn, Mo., where another business meeting will be held, and at 6 o'clock they will be guests of Mrs. James Watson of the Dearborn Democrat at a chicken dinner, which will be served in one of the big tobacco warehouses there that has been specially arranged and decorated for the occasion.

The editors will return to St. Joseph to be guests of the fair at the evening program. The meeting will continue over Saturday and the stock yards will give a luncheon at the Transit house, where Colonel John Donovan will welcome the editors.

Water Must Be Good.

Rev. C. H. John, who is taking the water at Excelsior Springs, is so moved thereby that he contributes the following:

Says Old Man John, says he to me, There are some things I cannot see. To just a little more expand, I cannot just quite understand, Why so many spend their life In doing that which causes strife?

Why so many men now choose To spend their money just for booze?

Why so many lay up treasure Where they get so little pleasure?

Why so many who seem sane Go the road that leads to shame?

Why so many young folks now Do as they please or raise a row?

Why the road that leads to heaven By so many is forsaken?

Why the matrimonial vow So many times ends in a row?

Why anybody with any sense left Will smoke a dirty, vile cigarette?

Why the saloon? Can any one tell? When it's only business is to send folks to hell?

Why so many on the fence do sit And prove to all that they have no grit?

Why so many in this broad land That prove every day that they have no sand?

Why spend so much money for nothing but trash, And when it is needed be clear out of cash?

What sort of character can any one grow By feeding the mind on the ten-cent show?

What there is in a foot ball game To make one sure of honor or fame?

So, says Old Man John, says he to me, There are some things that I "jist" can't see.

A NEW CIGAR.

Mr. Paul Basford of the Basford Cigar Co. has Placed a New Brand on the Market.

For taste, quality and a mild, smooth smoke the new brand of cigars which are being placed on the market by the Basford Cigar company, are certainly unexcelled. This cigar was introduced to the public yesterday, and can be found at all the cigar stands in Maryville.

The cigar has been named "Basford's Hand Made" by Mr. Paul Basford, and the good grade of tobacco used in this brand, combined with the neat white enameled box and attractive label proves that Mr. Basford intended to give the public something worth while. It is certain to prove a record breaking success.—Adv.

FIRST JURY CASE

ALL PREVIOUS CASES HAVE BEEN HEARD BEFORE JUDGE.

TRYING REPLEVIN CASE

Separator Company Gets Verdict by Agreement—Several Cases Disposed Of.

The first case to be tried before a jury at this term of court is up Friday afternoon. Litigants previous to this have seemed more disposed to trust the merits of their cause with the judge than to a jury. The case up before the court is that of James A. Buch against Guy Clary and others, a replevin case. The jury that is hearing the case is composed of Alex Wells, George Surface, Robert Craven, Jeff Elliott, George Rime, George Colvia, John Moberly, John Loranee, Henry Ross, Milton Kirby, Lon Monk and J. D. Dickerson.

Dr. Grace T. Phelps was granted a divorce from Dr. Chas. O. Phelps in circuit court Thursday afternoon.

In the will contest of Joseph T. B. Johnson against Rosetta Sawyers and others the cause was submitted to court, evidence heard and the court found that the instrument filed was the last will and testament of Joseph A. Johnson, deceased.

The suit of Ray Pope against O. D. Walker and others on contract was dismissed by agreement of the parties, each to pay half the costs.

A motion for a change of venue in the case of E. A. Johnson, administrator, against S. B. Williams and others was sustained and the cause was transferred to Andrew county.

A verdict of \$516.47 was given the DeLaval Separator Co. against the Conception Mercantile Company and the suit dismissed as to T. W. Costello and J. B. Cummins, the defendants to pay the costs of the suit except for the attendance of three witnesses at this term of court.

A Serum for All Fruit Tree Complaints.

The attention of the Missouri agricultural experiment station has been called to what seems to be an organized attempt to hold up Missouri fruit growers by offering them a worthless mixture which is guaranteed to cure all complaints of fruit trees. The first reports have come from the vicinity of Moberly, Mo. Similar reports have come from other states in the west.

Those attempting to sell this serum pose as authorized representatives of the West Virginia agricultural experiment station, and in order to make their business bear more weight they claim to be co-operating with the United States department of agriculture and the Missouri agricultural experiment station. These men are openly violating the federal insecticide law, which was passed two years ago, and are thereby laying themselves liable to fine and imprisonment.

It is the duty of the Missouri college of agriculture to investigate and recommend remedies for pests and diseases attacking fruit trees in Missouri. Fruit growers are warned against spending money for any quack serum which is guaranteed to cure all complaints. Each particular pest and disease requires a specific treatment, and there is no such thing as a serum that will cure all complaints such as blight, borers, cankers, etc. An attempt will be made to run down and prosecute these men should they continue to violate the laws. Farmers and fruit growers should promptly notify the Missouri college of agriculture at Columbia of any attempt to sell this quack remedy.

Called to Cornell University.

Announcement is made in the St. Louis papers of the acceptance by Mr. James T. Quarles, the famous pipe organist of that city, to become the organist of Cornell university of New York. Mr. Quarles appeared in an organ recital in Maryville three years ago, on the Maryville Conservatory course, and with Mrs. Quarles as soloist, gave a program two years ago at the Maryville Chautauqua. Mr. Quarles will preside over two immense organs, one the gift of Andrew Carnegie, and perhaps one of the most magnificent in the country. It has ninety stops. There are but two larger in the country, one in the Cathedral of St. John the Divine in New York, and the other the old St. Louis exposition organ, now in Philadelphia. Mr. Quarles also will have charge of a fifty-stop organ in the chapel of the university. He has been organist for fourteen years in the Lindell Avenue Methodist Episcopal church, now Grace Methodist church, also for the Scottish Rite cathedral and Moolah temple in St. Louis, and was one of the official organists for the St. Louis exposition. His oratorio work in St. Louis attracted widespread attention, and he was founder of the Choral Art society and director of music at Lindenwood college in St. Charles, Mo.

SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—what portion of the food did the damage do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

FASHION SHOW A SUCCESS.

The Exhibit of Beautiful Suits and Dresses at the Alderman-Yehle Store Caught Popular Fancy.

Mr. Conrad Yehle of the Alderman-Yehle dry goods store has reason to feel gratified with the success of Maryville's first live fashion show, which he introduced at his store Thursday afternoon.

Beautiful suits and dresses and coats, such as Maryville has not seen before, were displayed by six young women, who wore them with very becoming ease and grace.

From the varied styles in dresses, coats and suits it is right to say that a woman may be safe in putting on anything she looks well in and be in the fashion. And she will also be safe in adding most any touch to the gown that may suit her fancy, even to the drape or trimming, for nearly everything has a drape or tucked up place somewhere about it, and something in the way of trimming, and it's no matter much about the color, either, just so it harmonizes. And if it should not harmonize, the effect will not be a bit more startling than some things that are shown.

Dresses in all styles and prices were shown. Plain street dresses in black and white check, blue and burgundy serge; suits in many styles, afternoon dresses and evening dresses.

The coats were of special interest. The natural pony coat, priced at \$115, was fully appreciated and admired as well as other beautiful fur coats shown. Then there were chinchillas, cut chinchillas, velvets, and others of cloth that were equally admired.

The black silk velvet suit trimmed in sable fur, with vest of deep lavender brocade velvet, was very popular. Its price was \$90.

None of the styles are extreme. All the skirts are loose in the hips, and nearly all have a touch of drapery. The average width of the skirt at the bottom is two yards. Those that are slashed are modestly so, the slash not exceeding four inches.

Many ladies were in attendance, and you may rest assured that the topic of conversation Thursday evening all over town concerned the new gowns and coats at the Alderman-Yehle Dry Goods company.

More beautiful gowns were shown Friday afternoon from 3 to 5 o'clock, and the Mauding orchestra furnished music as on Thursday. We will tell in Saturday's paper of some of the best things worn.

YOUR NEIGHBOR KNOWS his MAJESTIC RANGE uses little fuel—bakes perfectly—heats abundance of water good and hot and costs practically nothing for repairs. LET US SHOW YOU WHY. CALL during OUR DEMONSTRATION THIS WEEK.

PRICE & McNEAL

STILL - AT - THE - OLD - STAND

With a Large and Complete Stock of New Furniture

And a line that will please anyone that wants the LATEST and NEWEST PATTERNS in GOODS. We have been selling Furniture here for twelve years and are happy to say that every year we have been selling more than the preceding year. We have NEVER bought BY the CARLOAD for different reasons. FIRST—Our stock is always new and up-to-date. SECOND—We buy our goods where a dollar buys the best and most, and we are positive we own our goods as cheap as any. All we ask is for you to get your BEST PRICE on your bill and COME TO US and if we do not sell you all right.

Our business this year has been away ahead of last, which certainly is good proof that OUR GOODS and PRICES ARE RIGHT.

OUR MOTTO is MORE GOODS and LESS PROFIT, rather than less goods and more profit. We handle enough "CARLOADS IN A YEAR" that we can sell them at a smaller margin than others do.

We surely have a FINE LINE of everything in FURNITURE, and RUGS, and all we ask is to compare our goods and prices with anyone.

WE HAVE THE GOODS and MAKE THE PRICE THAT SELLS THEM.

Yours for Business

ASSERTS IT DUTY OF U. S. TO INTERVENE

Works Severely Criticises Conditions in Mexico.

San Diego, Cal., Sept. 26.—Declaring it the duty of the United States to intervene and restore order in Mexico, United States Senator John D. Works in delivering the oration of the day at the dedication of the site of a monument to Juan Rodriguez Cabrillo took occasion severely to criticize conditions in Mexico and the attitude of the United States.

"Just to the south of us, almost within reach of gunshot, our men are being assassinated and our women outraged daily," he said. "What are we going to do about it?"

"I believe a great mistake has been made, for which we are responsible under our guardianship of the peoples south of us, assumed under the Monroe doctrine.

"I am compelled to say we have dealt too leniently with that situation. It is the business and solemn duty of our government to protect our citizens. I do not believe we have done that adequately in Mexico. We have sent our bluejackets ashore in other countries; why not in Mexico?"

"I am not criticising the efforts of the president of the United States. We shrink from intervention and I believe the president is justified in his efforts to avoid it. But these conditions cannot go on forever."

FIRST GAME IN NEW YORK OCT. 7

Flip of Coin Decides Opener Played on Giants' Grounds.

Philadelphia, Sept. 26.—In New York on Oct. 7 will be staged the opening battle for the championship of the world between the Philadelphia Athletics and the New York Giants.

It will be the third consecutive year that the first game of the big series has been played in New York. Two years ago the Giants won the opening contest from the Athletics and last year the Boston Red Sox took the first game.

A flip of the coin decided the place and date. Harry H. Hempstead, president of the New York club, making the right guess as Garry Herrmann, chairman of the national commission, tossed up a half dollar. The commission, which came here solely for the purpose of arranging the details for the series, met in open session to plan for the game.

After the New York club had chosen the time and place, President Lynch of the National league named William Klem and Charles Rigler as the umpires on the part of his organization and President Johnson named Thomas H. Connolly and John J. Egan to represent the American league.

FARMERS ASK RURAL BANKS

Congress in Session at Plano
Condemns Currency Bill.

KEEPING GIRLS ON FARM.

Ohio Man Says This is Biggest Job and That Poor Cooking Sends More Men to Hades Than All the Saloons. New Officers Elected.

Plano, Ill., Sept. 26.—A resolution demanding an amendment of the federal banking laws providing for the establishment of rural banks which will have funds that may be loaned farmers for long periods at a nominal rate of interest was adopted by the resolutions committee of the farmers' national congress in session here.

Another resolution rebukes the banking interests "which seek to fasten their own rural credit system on the people." The centralization of the banking power is also assailed.

A. P. Sandell, secretary of agriculture for Ohio, declared that "the cultivating of woman is a bigger job today than making poor ground yield."

"We can't keep the boys on the farm," he said, "unless we keep the girls there. Modern education must not take away the cornerstone of motherhood. The present price of women's hearts and poor cooking is sending more men to hades than all the saloons."

Officers elected were: President, W. L. Ames of Oregon, Wis.; secretary, O. D. Hill of Kendall, W. Va.; treasurer, D. K. Unsicker of Wright, Ia.

FIND BABY'S BODY IN WALL

Wreckers Come Upon Coffin Concealed in Old Mansion.

Bloomington, Ill., Sept. 26.—The mansion at Clinton, Ill., erected forty years ago by Colonel Thomas Snell, yielded another sensation when the body of a child in a home-made coffin was found skillfully concealed within a wall of the house. Wreckers tearing down the residence made the discovery, which adds another chapter to the stormy history of Colonel Snell, who died about seven years ago and for whose fortune a famous fight was made in the courts of Illinois.

The body of the child had been in the hiding place so long that little except the skeleton remained.

A hurried inquest was held, an open verdict was returned and the town supervisor took charge of the body, burying it in the public cemetery.

ISAACS GIVEN PARDON

Forest City Man Saved Bank by False Entries.

Washington, Sept. 26.—President Wilson pardoned Charles A. Isaacs, sentenced at Fort Dodge, Ia., June 20 last, to five years in the penitentiary for making false entries in the books of the Forest City (Ia.) National bank, of which he was cashier. Strict compliance with the law by Isaacs, it is declared, would have wrecked the bank by divulging its condition to the public, whereas the false entries, covering up excessive loans to a stockholder of the institution until he could realize on farm land transaction, resulted in no loss.

Killed by Bullet Fired at Robber.

Chicago, Sept. 26.—A bullet fired by Policeman William Allen at three highwaymen struck an iron trolley pole, deflected and killed William Lorimer, a tobacco agent. Three friends who were talking with Lorimer when he was shot seized the policeman and took him to the station, where he was placed under arrest. Another policeman heard the shots and arrested one of the robbers.

Runaway Boy Identified.

Kansas City, Sept. 26.—Frankie Young, seven years old, who has been a puzzle to the police and juvenile officers here for more than a week, was identified as the son of James Young of Davenport, Ia. Frankie is said to have been an inveterate wanderer since he was four years old. He probably will be sent to Davenport.

Injured Halfback Will Die.

Worcester, Mass., Sept. 26.—Verner S. Belyea of Greenfield, the University of Norwich halfback, who sustained a fracture of the spine in the game with Holy Cross here, sank into a semi-conscious condition and all hope for his recovery was abandoned by the doctors at St. Vincent's hospital.

Iowa Pension Surgeons.

Washington, Sept. 26.—On the recommendation of Congressman Connelly, Drs. R. S. Nester and John H. Van Dyke were appointed pension surgeons at Waterloo, Ia., and Drs. Charles Palen and F. W. Willard at Dubuque.

Killed in Own Burglar Trap.

Boy Fatally Hurt Playing Football.

Minneapolis, Sept. 26.—With his spinal column fractured in football practice, Allen Weidman, a high school student, is said by physicians to be dying at the home of his father, Oliver T. Weidmann.

SEE IF THE CHILD'S TONGUE IS COATED

Mother! Don't Hesitate! If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish; stomach sour, breath bad; has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Nearly All Items Show Increase—Average Assessed Valuation in Farm Land \$21.96.

Maryville and Polk township are richer this year than last, as is evidenced by the assessor's books, the footings of which were completed by Township Assessor Hamlin Friday. Nearly all items assessed show an increase except hogs, the number of these being considerably short of a year ago. The average assessed valuation of farm land in the township is \$21.96, which is just 4 cents short of the figure at which the county court fixed their requirements. HAVE PERMANENT ORGANIZATION

Emancipation Day Celebrations Hereafter Will Be Planned for a Long Time Ahead.

A permanent organization was effected by the colored people of this city Thursday night at a meeting held at the African M. E. church, for the purpose of celebrating emancipation day each year in a proper manner. It was thought best to organize and appoint committees at this time, so that each would fully understand its duty and make provision ahead of time for this great annual event among the colored people, instead of waiting until about thirty days before the celebration day, as is usual, and not be able to secure the speakers or features of entertainment that are desired to make the day what it should be.

At Tuesday night's meeting Alfred Allen was chosen president; C. C. Baker, vice president; Earl Martin, secretary; Prof. E. O. Boone, assistant secretary; Charles L. Martin, treasurer.

The committees chosen were:

Arrangements—George Ousley, Franklin Welch, Robert Harden, John Goodie.

Finance—C. C. Baker and Henry Wilson.

Flag bearer—Stephen Martin.

Chaplain—John Goodie.

Officer of the day—George Ousley.

Meetings will be held from time to time to consider questions pertaining to the celebration of the day and to familiarize the people with the history of emancipation day.

No Word Has Been Received From Missing Husband—Faces World Without a Dollar.

Mrs. H. R. Hancock and daughter, Miss Mildred, went to Kansas City Friday morning, where they will make their home, at least for the present. They were accompanied by Mrs. Hancock's nephew and his wife, Mr. and Mrs. George Bean of Los Angeles, Cal., who stopped in Maryville Thursday morning on their way home from Boston, where Mr. Bean was called recently by the death of his mother. Mr. and Mrs. Bean will remain in Kansas City and assist Mrs. Hancock in getting a position as a saleswoman. Mr. Bean will place Miss Mildred in a business school for training for a business position. They will continue living there, unless Mrs. Hancock finds she is unable to hold up under the strain of business life. In that case they will go to her sister in Philadelphia.

Mrs. Hancock has had no word from Mr. Hancock and the suspense is telling on her severely. She leaves Maryville with the sympathy and best wishes of many friends.

Stole Her Chickens.

The chicken thieves have again been busy and this time Mrs. B. K. Ferguson was the victim. They entered her poultry house one night recently and stole 200, and would probably have taken the other fifty if they could have carried them. It is a burning shame that the pilferers cannot be caught in the act and made to suffer for their crimes. Several farmers have lost chickens this summer but no clues have been found whereby the thieves might be apprehended. After the good housewife has worked industriously all spring and summer to raise a big pen of fowls it is very discouraging to have them stolen by some sneaking two-legged cur.—Burlington Junction Post.

Guests From Florida.

Mr. and Mrs. L. A. Stillwagon of St. Petersburg, Fla., have arrived for a visit with their daughter, Mrs. George Robert Eaton, 221 South Buchanan street. Mr. and Mrs. Stillwagon have spent the summer in Colorado, Mr. Stillwagon being president of a company operating some 2,000 acres of oil and coal land, and are now returning to Florida. Mr. Stillwagon is a grower of oranges and grape fruit in the sunny south.

Declared for Convention.

The State Bar association, in session at Kansas City, adopted a resolution Thursday night declaring for a constitutional convention and for a complete revision of the state constitution, for a better means of building up the cities, for more sanitary and better governed towns and villages, and for a better and broader educational system. Dean Loeb of the state university made an address in which he vigorously supported the convention idea.

To Meet Ohio Friends.

Mr. and Mrs. T. J. Hurley went to St. Joseph Friday morning to spend the day with old friends of Mrs. Hurley from Cleveland, O., who are on their way to the Pacific coast for the winter.

EIGHTY-ONE MORE TICKETS.

Same Number of People Went to St. Joseph Friday Morning as on Thursday Morning.

Maryville sent another good delegation to the St. Joseph fair Friday morning. Agent Goforth selling eighty-one tickets, the same as on Thursday morning. Those who were at the station Thursday morning and heard the dark minstrels during the wait for the train, missed them Friday. Mr. Goforth couldn't stamp the tickets near so fast this morning as he stamped them to the time of the music Thursday morning. He is in favor of the railroad company putting on an attraction of some sort like that, as it would facilitate his work and make people better natured, and quiet the nervous ones who ask useless questions or who want to argue the railway rate in Missouri.

Among the number who went Thursday morning were Mr. and Mrs. C. J. Eckert, M. D. Kemp and daughter, Mr. and Mrs. Raymond Shroyer, Mr. and Mrs. Bernard Dougan, Mr. and Mrs. Albert Mercer, Miss Nettie Miller, Dan O'Connell, H. F. Leet, Miss Elizabeth Leet, Miss Lillian Carpenter, LeGrand Gann, Brint Embree, Miss Ethel Embree, Miss Lorretta Gorman, Mrs. Ella McMahon, Mr. and Mrs. Albert Carr, Miss Allene Carr of Maryville; Mr. and Mrs. O. R. Proctor and sons of Clyde, Mr. and Mrs. I. F. Broderick and Mrs. W. E. Petty and son of Stanberry; Mr. and Mrs. Frank Dinsmore of Parnell, Mr. and Mrs. Frank Partridge of Maryville, Miss Etta Evans and Mr. and Mrs. C. L. Evans of Bedison.

Twenty-five tickets were sold Thursday evening.

Attending Court.

Among the Hopkins people in attendance at circuit court Friday were Rev. Taylor, E. C. Wolfers, Jim Hanna, William Byington, J. W. New, Sam Robbins and Ed Bonar.

Mr. and Mrs. M. I. Wood left Friday morning for Kansas City, where they will visit the latter's sisters, Mrs. Mollie Clifton and Mrs. Mary Lloyd.

TALK ON BALKANS

DR. CHAS. DYER AND JAMES DYER WERE ENTERTAINING.

TURKEY AGAINST PEACE

Dr. Dyer Said That Turkey Must Be Wiped Off the Map to Restore Safety in the Balkans.

The entertainment given at the Christian church last night by Dr. Charles Dyer and James Dyer was one of the most enjoyable of its kind ever given in Maryville.

Dr. Dyer gave a synopsis of the Balkan question which, of course, is of vital interest to his native land, Armenia. "Turkey," said Dr. Dyer, "must be wiped off the map before there will be safety or peace for the Balkan states. Turkey has always been the enemy of education, the Christian religion and liberty."

According to Dr. Dyer the Turkish officials have been cognizant of every massacre perpetrated in the last 200 years, and most of the slaughters were ordered by them. The Armenian massacres are usually committed by an army of 60,000 Turks, which is divided into three divisions of 20,000 each. The duty of the first division, when a massacre is ordered, is to kill all the citizens possible, the second division following close behind, are to plunder, while the third section of the army are to burn what is left by the preceding host of destroyers.

"The Christian nations of Europe," said the speaker, "are not guiltless of the blood of these Christian martyrs, when they allow such outrages to be committed on their very borders. I would that Turkey had been within 500 miles of the shores of America, for Uncle Sam would have put an end to such things by having a very fine 'Turkey' dinner on Thanksgiving."

James Dyer was introduced by his brother and gave a very interesting talk on his native land, Armenia. The climate is very similar to that of Missouri, having four seasons, but their summer is entirely without rain, so that all agricultural pursuits are carried on by the aid of irrigation. Their yields, however, vary somewhat from the productions of Missouri. "Here are a few representative yields of our country," said the speaker. "Corn makes about 90 bushels to the acre, wheat, about 70 bushels to the acre, while the watermelons frequently weigh over 100 pounds. A good Jersey cow can be bought for \$1.50, while a fine Arabian horse will cost you \$5. The reason that the Armenians do not become wealthy in a few days is that corn sells for 10 cents per bushel, the wheat about 13 cents, and potatoes 3 cents. A man's wages ranges from 6 to 10 cents per day. Such conditions exist because of the lack of advantages. There are no railroads, pavements, telephones, electric lights and many other conveniences which are common in America."

Some interesting facts were given in regard to Turkey. The sultan gets the highest salary of any government official in the world, receiving \$5,000,000 yearly. He maintains a standing army of 950,000 men, and last but not least, he possesses 750 wives. In Turkey the families are very large, and the sons and daughters, when they marry, still live with their parents, so that it is an ordinary thing for sixty or seventy people to live in one house. The boys and girls do not mingle at all, and they are not notified by their parents that they are to be married until within ten days of the time. The marriage contract is merely a receipt for the money which the groom pays the father of his wife, which is never more than \$10. The husband divorces the wife by paying her the price stated in the marriage contract, and telling her that she is divorced.

The brothers sang several songs in different languages, beginning with "America" in the Armenian tongue. Both the layman's and priest's part of the Mohammedan's prayer were given, which, needless to say, differed materially from the American idea of worship.

The concluding part of the program consisted of various European marriage ceremonies in foreign costume. Four young men and four young ladies were requested to come from the audience and wear the costumes. This was finally done, after some persuasion on the part of Rev. C. J. Miller, who had to make a canvass through the audience in order to get the brides and grooms for the marriage ceremonies. Just who the young folks were is a secret, but it is said that they made

very handsome bridal couples.

Dr. Dyer, in conclusion, said that the idea in presenting the heathen forms of worship and other ceremonies was to impress the American people with the fact that they were blessed with the highest type of civilization in the world, and to show them how much they should value their Christian religion.

AT PRESS ASSOCIATION.

Editor James Todd of The Democrat-Forum Presiding at Meeting of Newspaper Men.

The editors of Northwest Missouri are guests of the St. Joseph fair Friday and Saturday, on the occasion of the annual meeting of the Northwest Missouri Press Association.

President James Todd of Maryville called the association to order Friday morning at 11 o'clock at the Robidoux hotel, where Mayor Pfeiffer and Editor C. D. Morris of the St. Joseph Gazette delivered the welcome addresses. There was a luncheon at 12 o'clock. Receptions followed at the Gazette and News-Press offices. The handsome new home of the News-Press was the object of much admiration.

The association left at 2:30 o'clock on special interurban cars for Dearborn, Mo., where another business meeting will be held, and at 6 o'clock they will be guests of Mrs. James Watson of the Dearborn Democrat at a chicken dinner, which will be served in one of the big tobacco warehouses there that has been specially arranged and decorated for the occasion.

The editors will return to St. Joseph to be guests of the fair at the evening program. The meeting will continue over Saturday and the stock yards will give a luncheon at the Transit house, where Colonel John Donivan will welcome the editors.

Water Must Be Good.

Rev. C. H. John, who is taking the water at Excelsior Springs, is so moved thereby that he contributes the following:

Says Old Man John, says he to me,

There are some things I cannot see.

To just a little more expand,

I cannot just quite understand,

Why so many spend their life

In doing that which causes strife?

Why so many men now choose

To spend their money just for booze?

Why so many lay up treasure

Where they get so little pleasure?

Why so many who seem sane

Go the road that leads to shame?

Why so many young folks now

Do as they please or raise a row?

Why the road that leads to heaven

By so many is forsaken?

Why the matrimonial vow

So many times ends in a row?

Why anybody with any sense left

Will smoke a dirty, vile cigarette?

Why the saloon? Can any one tell?

When it's only business is to send folks

To hell?

Why so many on the fence do sit

And prove to all that they have no

grit?

Why so many in this broad land

That prove every day that they have

no sand?

Why spend so much money for nothing

but trash,

And when it is needed be clear out of

cash?

What sort of character can any one

grow

By feeding the mind on the ten-cent

show?

What there is in a foot ball game?

To make one sure of honor or fame?

So, says Old Man John, says he to me,

There are some things that I "jist"

can't see.

Excelsior Springs, Sept. 24, 1913.

A NEW CIGAR.

Mr. Paul Basford of the Basford Cigar Co. has Placed a New Brand on the Market.

For taste, quality and a mild, smooth smoke the new brand of cigars which are being placed on the market by the Basford Cigar company, are certainly unexcelled. This cigar was introduced to the public yesterday, and can be found at all the cigar stands in Maryville.

The cigar has been named "Basford's Hand Made" by Mr. Paul Basford, and the good grade of tobacco used in this brand, combined with the neat white enameled box and attractive label proves that Mr. Basford intended to give the public something worth while. It is certain to prove a record breaking success.—Adv.

To Insurance Men's Banquet.

P. J. Lahr went to St. Joseph Friday morning to attend the convention of agents for the New York Life Insurance company of the southwest district, embracing Missouri and Oklahoma. There will be 200 present and there will be a banquet at the Robidoux hotel Friday.

FIRST JURY CASE

ALL PREVIOUS CASES HAVE BEEN HEARD BEFORE JUDGE.

TRYING REPLEVIN CASE

Separator Company Gets Verdict by Agreement—Several Cases Disposed Of.

The first case to be tried before a jury at this term of court is up Friday afternoon. Litigants previous to this have seemed more disposed to trust the merits of their cause with the judge than to a jury. The case up before the court is that of James A. Buch against Guy Clary and others, a replevin case. The jury that is hearing the case is composed of Alex Wells, George Surface, Robert Craven, Jeff Elliott, George Rimel, George Colvin, John Moberly, John Lorraine, Henry Ross, Milton Kirby, Lon Monk and J. D. Dickerson.

Dr. Grace T. Phelps was granted a divorce from Dr. Chas. O. Phelps in circuit court Thursday afternoon. In the will contest of Joseph T. B. Johnson against Rosetta Sawyers and others the cause was submitted to court, evidence heard and the court found that the instrument filed was the last will and testament of Joseph A. Johnson, deceased.

The suit of Ray Pope against O. D. Walker and others on contract was dismissed by agreement of the parties, each to pay half the costs.

A motion for a change of venue in the case of E. A. Johnson, administrator, against S. B. Williams and others was sustained and the cause was transferred to Andrew county.

A verdict of \$516.47 was given the DeLaval Separator Co. against the Conception Mercantile Company and the suit dismissed as to T. W. Costello and J. B. Cummins, the defendants to pay the costs of the suit except for the attendance of three witnesses at this term of court.

A Serum for All Fruit Complaints.

The attention of the Missouri agricultural experiment station has been called to what seems to be an organized attempt to hold up Missouri fruit growers by offering them a worthless mixture which is guaranteed to cure all complaints of fruit trees. The first reports have come from the vicinity of Moberly, Mo. Similar reports have come from other states in the west.

Those attempting to sell this serum pose as authorized representatives of the West Virginia agricultural experiment station, and in order to make their business bear more weight they claim to be co-operating with the United States department of agriculture and the Missouri agricultural experiment station. These men are openly violating the federal insecticide law, which was passed two years ago, and are thereby laying themselves liable to fine and imprisonment.

It is the duty of the Missouri college of agriculture to investigate and recommend remedies for pests and diseases attacking fruit trees in Missouri. Fruit growers are warned against spending money for any quick serum which is guaranteed to cure all complaints. Each particular pest and disease requires a specific treatment, and there is no such thing as a serum that will cure all complaints such as blight, borers, cankers, etc. An attempt will be made to run down and prosecute these men should they continue to violate the laws. Farmers and fruit growers should promptly notify the Missouri college of agriculture at Columbia of any attempt to sell this quick remedy.

Mr. Skeed was in the newspaper business in Clearmont for eleven years before he moved to Kansas, and he gave the people a good paper.

Called to Cornell University.
Announcement is made in the St. Louis papers of the acceptance by Mr. James T. Quarles, the famous pipe organist of that city, to become the organist of Cornell university of New York. Mr. Quarles appeared in an organ recital in Maryville three years ago, on the Maryville Conservatory course, and with Mrs. Quarles as soloist, gave a program two years ago at the Maryville Chautauqua. Mr. Quarles will preside over two immense organs, one the gift of Andrew Carnegie, and perhaps one of the most magnificent in the country. It has ninety stops. There are but two larger in the country, one in the Cathedral of St. John the Divine in New York, and the other the old St. Louis exposition organ, now in Philadelphia. Mr. Quarles also will have charge of a fifty-stop organ in the chapel of the university. He has been organist for fourteen years in the Lindell Avenue Methodist Episcopal church, now Grace Methodist church, also for the Scottish Rite cathedral and Moolah temple in St. Louis, and was one of the official organists for the St. Louis exposition. His oratorio work in St. Louis attracted widespread attention, and he was founder of the Choral Art society and director of music at Lindenwood college in St. Charles, Mo.

SICK, SOUR STOMACH,
INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.
Wonder what upset your stomach—which portion of the food did the damage do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and cruetate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

FASHION SHOW A SUCCESS.

The Exhibit of Beautiful Suits and Dresses at the Alderman-Yehle Store Caught Popular Fancy.

Mr. Conrad Yehle of the Alderman-Yehle dry goods store has reason to feel gratified with the success of Maryville's first live fashion show, which he introduced at his store Thursday afternoon.

Beautiful suits and dresses and coats, such as Maryville has not seen before, were displayed by six young women, who wore them with very becoming ease and grace.

From the varied styles in dresses, coats and suits it is right to say that a woman may be safe in putting on anything she looks well in and be in the fashion. And she will also be safe in adding most any touch to the gown that may suit her fancy, even to the drape or trimming, for nearly everything has a drape or tucked up place somewhere about it, and something in the way of trimming, and it's no matter much about the color, either, just so it harmonizes. And if it should not harmonize, the effect will not be a bit more startling than some things that are shown.

Dresses in all styles and prices were shown. Plain street dresses in black and white check, blue and burgundy serge; suits in many styles, afternoon dresses and evening dresses.

The coats were of special interest. The natural pony coat, priced at \$115, was fully appreciated and admired as well as other beautiful fur coats shown. Then there were chinchillas, cut chinchillas, velvets, and others of cloth that were equally admired.

The black silk velvet suit trimmed in sable fur, with vest of deep lavender brocade velvet, was very popular. Its price was \$90.

None of the styles are extreme. All the skirts are loose in the hips, and nearly all have a touch of drapery. The average width of the skirt at the bottom is two yards. Those that are slashed are modestly so, the slash not exceeding four inches.

Many ladies were in attendance, and you may rest assured that the topic of conversation Thursday evening all over town concerned the new gowns and coats at the Alderman-Yehle Dry Goods company.

More beautiful gowns were shown Friday afternoon from 3 to 5 o'clock, and the Mauding orchestra furnished music as on Thursday. We will tell in Saturday's paper of some of the best things worn.

ASSERTS IT DUTY OF U. S. TO INTERVENE Works Severely Criticises Con- ditions in Mexico.

San Diego, Cal., Sept. 26.—Declaring it the duty of the United States to intervene and restore order in Mexico, United States Senator John D. Works in delivering the oration of the day at the dedication of the site of a monument to Juan Rodriguez Cabrillo took occasion severely to criticize conditions in Mexico and the attitude of the United States.

"Just to the south of us, almost within reach of gunshot, our men are being assassinated and our women outraged daily," he said. "What are we going to do about it?"

"I believe a great mistake has been made, for which we are responsible under our guardianship of the peoples south of us, assumed under the Monroe doctrine.

"I am compelled to say we have dealt too leniently with that situation. It is the business and solemn duty of our government to protect our citizens. I do not believe we have done that adequately in Mexico. We have sent our bluejackets ashore in other countries; why not in Mexico?"

"I am not criticising the efforts of the president of the United States. We shrink from intervention and I believe the president is justified in his efforts to avoid it. But these conditions cannot go on forever."

FIRST GAME IN NEW YORK OCT. 7 Flip of Coin Decides Opener Be Played on Giants' Grounds.

Philadelphia, Sept. 26.—In New York on Oct. 7 will be staged the opening battle for the championship of the world between the Philadelphia Athletics and the New York Giants.

It will be the third consecutive year that the first game of the big series has been played in New York. Two years ago the Giants won the opening contest from the Athletics and last year the Boston Red Sox took the first game.

A flip of the coin decided the place and date. Harry H. Hempstead, president of the New York club, making the right guess as Garry Herrmann, chairman of the national commission, tossed up a half dollar. The commission, which came here solely for the purpose of arranging the details for the series, met in open session to plan for the game.

After the New York club had chosen the time and place, President Lynch of the National league named William Klem and Charles Rigler as the umpires on the part of his organization and President Johnson named Thomas H. Connolly and John J. Egan to represent the American league.

Called to Cornell University.

Announcement is made in the St. Louis papers of the acceptance by Mr. James T. Quarles, the famous pipe organist of that city, to become the organist of Cornell university of New York. Mr. Quarles appeared in an organ recital in Maryville three years ago, on the Maryville Conservatory course, and with Mrs. Quarles as soloist, gave a program two years ago at the Maryville Chautauqua. Mr. Quarles will preside over two immense organs, one the gift of Andrew Carnegie, and perhaps one of the most magnificent in the country. It has ninety stops. There are but two larger in the country, one in the Cathedral of St. John the Divine in New York, and the other the old St. Louis exposition organ, now in Philadelphia. Mr. Quarles also will have charge of a fifty-stop organ in the chapel of the university. He has been organist for fourteen years in the Lindell Avenue Methodist Episcopal church, now Grace Methodist cathedral and Moolah temple in St. Louis, and was one of the official organists for the St. Louis exposition. His oratorio work in St. Louis attracted widespread attention, and he was founder of the Choral Art society and director of music at Lindenwood college in St. Charles, Mo.

SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapiesin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—which portion of the food did the damage do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

FASHION SHOW A SUCCESS.

The Exhibit of Beautiful Suits and Dresses at the Alderman-Yehle Store Caught Popular Fancy.

Mr. Conrad Yehle of the Alderman-Yehle dry goods store has reason to feel gratified with the success of Maryville's first live fashion show, which he introduced at his store Thursday afternoon.

Beautiful suits and dresses and coats, such as Maryville has not seen before, were displayed by six young women, who wore them with very becoming ease and grace.

From the varied styles in dresses, coats and suits it is right to say that a woman may be safe in putting on anything she looks well in and be in the fashion. And she will also be safe in adding most any touch to the gown that may suit her fancy, even to the drape or trimming, for nearly everything has a drape or tucked up place somewhere about it, and something in the way of trimming, and it's no matter much about the color, either, just so it harmonizes. And if it should not harmonize, the effect will not be a bit more startling than some things that are shown.

Dresses in all styles and prices were shown. Plain street dresses in black and white check, blue and burgundy serge; suits in many styles, afternoon dresses and evening dresses.

The coats were of special interest. The natural pony coat, priced at \$115, was fully appreciated and admired as well as other beautiful fur coats shown. Then there were chinchillas, cat chinchillas, velvets, and others of cloth that were equally admired.

The black silk velvet suit trimmed in sable fur, with vest of deep lavender brocade velvet, was very popular. Its price was \$90.

None of the styles are extreme. All the skirts are loose in the hips, and nearly all have a touch of drapery. The average width of the skirt at the bottom is two yards. Those that are slashed are modestly so, the slash not exceeding four inches.

Many ladies were in attendance, and you may rest assured that the topic of conversation Thursday evening all over town concerned the new gowns and coats at the Alderman-Yehle Dry Goods company.

More beautiful gowns were shown Friday afternoon from 3 to 5 o'clock, and the Mauding orchestra furnished music as on Thursday. We will tell in Saturday's paper of some of the best things worn.

YOUR NEIGHBOR KNOWS his MAJESTIC RANGE uses little fuel—bakes perfectly—heats abundance of water good and hot and costs practically nothing for repairs. LET US SHOW YOU WHY. CALL during OUR DEMONSTRATION THIS WEEK.

FARMERS ASK RURAL BANKS

Congress in Session at Plano
Condemns Currency Bill.

KEEPING GIRLS ON FARM.

Ohio Man Says This is Biggest Job
and That Poor Cooking Sends More
Men to Hades Than All the Saloons.
New Officers Elected.

Plano, Ill., Sept. 26.—A resolution demanding an amendment of the federal banking laws providing for the establishment of rural banks which will have funds that may be loaned farmers for long periods at a nominal rate of interest was adopted by the resolutions committee of the farmers' national congress in session here.

Another resolution rebukes the banking interests "which seek to fasten their own rural credit system on the people." The centralization of the banking power is also assailed.

A. P. Sandell, secretary of agriculture for Ohio, declared that "the cultivating of woman is a bigger job today than making poor ground yield."

"We can't keep the boys on the farm," he said, "unless we keep the girls there. Modern education must not take away the cornerstone of motherhood. The present price of women's hearts and poor cooking is sending more men to hades than all the saloons."

Officers elected were: President, W. L. Ames of Oregon, Wis.; secretary, O. D. Hill of Kendall, W. Va.; treasurer, D. K. Unsicker of Wright, Ia.

FIND BABY'S BODY IN WALL

Wreckers Come Upon Coffin Concealed
in Old Mansion.

Bloomington, Ill., Sept. 26.—The mansion at Clinton, Ill., erected forty years ago by Colonel Thomas Snell, yielded another sensation when the body of a child in a home-made coffin was found skillfully concealed within a wall of the house. Wreckers tearing down the residence made the gruesome discovery, which adds another chapter to the stormy history of Colonel Snell, who died about seven years ago and for whose fortune a famous fight was made in the courts of Illinois.

The body of the child had been in the hiding place so long that little except the skeleton remained.

A hurried inquest was held, an open verdict was returned and the town supervisor took charge of the body, burying it in the public cemetery.

ISAACS GIVEN PARDON

Forest City Man Saved Bank by False Entries.

Washington, Sept. 26.—President Wilson pardoned Charles A. Isaacs, sentenced at Fort Dodge, Ia., June 20 last, to five years in the penitentiary for making false entries in the books of the Forest City (Ia.) National bank, of which he was cashier. Strict compliance with the law by Isaacs, it is declared, would have wrecked the bank by divulging its condition to the public, whereas the false entries, covering up excessive loans to a stockholder of the institution until he could realize on farm land transaction, resulted in no loss.

SEE IF THE CHILD'S
TONGUE IS COATED

Mother! Don't Hesitate! If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.
